

```
read< uint16_t >
```

A diagram illustrating a transformation. On the left, a gray rectangular box contains the text `read< uint16_t >`. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `read< uint8_t >`. Both boxes have a black border.

```
read< uint8_t >
```
